

AIST

# YOUNG SUPER NETWORK

2018 CALENDAR

The Young Super Network (YSN) is an organised professional network for people working in the not-for-profit superannuation industry. Created by AIST in 2010, each year the Network holds events across Australia – facilitating open and creative discussion of current and future industry issues.

A growing number of young professionals are rising through the ranks and taking a bigger picture view of their industry, and wanting to connect with like-minded peers whilst improving their knowledge on topical content. YSN allows professionals to expand their networks with members from a wide variety of roles within superannuation and the broader financial industry. Membership to these groups is complimentary and open to AIST Members. To join Young Super Network simply complete your details [here](#). To view further details and register for Young Super Network events [please visit our website](#).
